

When you cast your vote on 6th May 2021 please consider that:

- ➔ SNP brought in a new Hate Crime law that protects men who cross-dress, but not women. If a woman shouts at a cross-dressing man to leave the women's toilet, she could be guilty of a hate crime!
- ➔ SNP promise to make it easier for men to obtain a gender recognition certificate (GRC) and be legally recognised as women.
- ➔ Scottish Greens, Liberal Democrats, and Scottish Labour plan to remove the requirement for a medical diagnosis before a man can obtain a GRC and be legally recognised as a woman. All 3 parties believe people may not have a sex at all!
- ➔ Scottish Greens don't want to record whether babies are boys or girls on their birth certificates.
- ➔ Both Scottish Greens and Liberal Democrats voted against rape victims being able to request a female medical examiner.
- ➔ Scottish Conservatives plan to repeal the Hate Crime law and add protections for women to existing laws.
- ➔ Scottish Labour promise to add 'sex' to the Hate Crime law and have single-sex hospital wards and sports (yet still have self-identification of sex!)
- ➔ Alba (regional vote only) has fully committed to standing up for women's rights.

Please ask your candidates, especially independent ones, if they know what a woman is and if they will protect our rights and safety.

Vote to keep women's rights, women's spaces, and women's services.
