Dear Ms Budge

Thank you for your email to COPFS Enquiry Point, dated 20 December 2023, which includes timely feedback about our 2014 Transgender Prosecution policy.

I can confirm that the 2014 policy is currently under review and that my officials will be carrying out a stakeholder engagement exercise on the revised document in Spring 2024. They will be in touch with you regarding this stakeholder consultation once the revised policy is ready to be shared.

I hope this is of some assistance meantime.

Yours sincerely

Laura Buchan
