Summary of funded activity (100 words max)

To improve equality and human rights for LGBTQ+ young people across Scotland by raising awareness, amplifying young people's voices with decision makers and supporting capacity building with partners including across Education, the NHS, and the third sector.

Proposed workstreams for 2026-2027 (to form the basis of your detailed workplan)(150 words max)

• Support youth participation in policy making • Research and data gathering on young people's experiences • Deliver capacity building support within Scotland • Deliver digital youth work with a focus on human rights - the post previously funded as part of EHR has been removed due to the flat funding structure. We are however continuing this work through external funding which we have been able to secure. • Deliver LGBT Charter - we propose changing this to wider capacity building support as this is what our partners are requesting more (note in the finance spreadsheet, the charity name is misspelt in the top (youth))

Fund Outcomes

We have indicated the fund outcomes which most closely relate to your funded activity in 2025/2026 based on the indicators and evidence you provided in your progress reports. Please update as appropriate but remember that the more outcomes you pick the more reporting you have to do so please do not tick them all We will work with you to develop your monitoring and evaluation plan for any revised outcomes. Please note that the outcomes in your Grant Offer Letter can be changed at any time in discussion with your PIA.
